

eSafety young people conversation starters

These question cards are designed to be used in a family or education setting to start everyday conversations about online safety. The cards cover topics such as identifying online risks, using technology safely and reporting unsafe behaviour. Use them together with the information at **eSafety young people**, and empower young people to take control of their online experiences.

Recommended approach:

1. Print the questions on a sheet of A4/3 paper and cut into individual cards.
2. Divide cards into two piles: 'Ask an adult' and 'Ask a young person'
3. To play, adults and young people take turns to pick a card from their pile and answer the question.
4. Browse eSafety young people to find more information on how to stay safe online.

Tip: You can also open the document in Acrobat PDF and type your answers in the space provided.

What three words describe who you are online? 😎

Write or type your answer in the space below:

Ask an adult

esafety.gov.au/young-people/your-digital-reputation
